

## SOUTHERN CITIES ARE CUT OFF BY BIG STORM

WILD REPORTS OF THE LOSS OF  
LIFE HAS NOT YET BEEN  
VERIFIED.

## TIDAL WAVE ON GULF COAST

Lake Rises Four Feet—Great Damage  
to Railways—Wires in the  
South are Down.

(Bulletin.)

Cincinnati, Sept. 27.—A severe storm of wind and rain together with a heavy tidal wave along the Gulf coast was reported from southern points to the weather bureau here today. Inability to communicate with the cities in the affected section, because of the prostration of the telegraph wires confirms the rumor and causes apprehension for the safety of the cities of New Orleans, of Mobile, Pensacola, and other Gulf coast communities. The tidal wave is so great that it swelled the waters of the Mississippi as far north as Lake Pontchartrain, five miles from New Orleans and 100 miles from the Gulf coast. The lake suddenly rose four feet. Trees were uprooted, fences and small houses were blown down and railroad bridges were washed away below New Orleans. The lines of the Louisville & Nashville, Mobile & Ohio and the New Orleans & North-eastern railroads suffered heavily. Wild reports of loss of life by inundation of the coast are not verified, but the absence of news from these localities causes grave uneasiness.

New York, Sept. 27.—A rumor that a tidal wave had struck New Orleans and caused great property loss reached Wall street today.

New York, Sept. 27.—Contradictory of the rumor of a tidal wave having hit New Orleans, Theodore F. Price, a cotton broker, has received a dispatch from the south saying New Orleans has suffered no serious damage, though some trouble has resulted from high water due to the prevailing high east winds from the Gulf of Mexico. The wind and rain have caused considerable damage to telegraph lines in the south and for a time today wire communication with New Orleans was seriously interrupted. The two facts are supposed to have been the basis of the tidal wave rumors.

Atlanta, Ga., Sept. 27.—The Western Union office here today received a report that a hurricane is blowing up the Mississippi Valley and that a tidal wave has swept in from the Gulf over New Orleans, entailing probable loss of life and destruction of property. The wires between Atlanta and New Orleans have gone down and no details can be secured.

Louisville, Ky., Sept. 27.—Reports here say that New Orleans is under water. The depth given varies from six inches to ten feet.

## ARREST MADE

That May Solve New York's Mystery  
of the Headless Corpse.

New York, Sept. 27.—The police arrested here Aron Tashjian, 22, on a charge of being accessory to the murder of his brother, Marhar Marahon, 35. Marahon is the Armenian equivalent of the Turkish name Tashjian. The arrest was made on the theory that it was the older brother's body which was found dismembered. At the house were found a dress suit case stained with blood and red burlap similar to that in which the torso was wrapped.

The police also took to the station house a 9-year-old brother of the two men. The boy, the police say, told them that there was a fight in the house Saturday night and that Aron made several trips from the house after midnight. The boy also said, according to the police, that he saw a human head bundled up in paper.

Mrs. Josephine Benes told police the victim of Sunday's butchery on West Thirty-sixth street was her husband, Joseph, who deserted her four weeks ago. The head of the dismembered body is still missing, but identification seemed positive from peculiarities of the hands and feet as well as birthmarks on the body. Benes was 35 years old and employed in a carriage factory on Forty-seventh street. According to his wife he was a sober and industrious man, and so far as she knew had no enemies. When he left home he carried a watch, some \$22 in cash and a bankbook representing deposits of \$400. The Benes are Armenians and came to this country 16 years ago.

## SECRETARY TAFT GIVEN AUTHORITY TO LAND TROOPS

NEVERTHELESS PEACE IN CUBA  
WITHOUT INTERVENTION IS  
NOW POSSIBLE.

## UGLY RUMORS NOW AFLOAT

Taft's Ultimatum to Moderate Lead-  
ers on the Island Brought Them  
to Time.

(Bulletin.)

Havana, Sept. 27.—The statement is made here today that the President has authorized Secretary Taft to take over the government of Cuba and land troops when necessary. Taft will assume the title of governor and administer affairs until new elections are held. It is proposed that Taft and Bacon shall assume control jointly but this was decided impractical, because of complications likely to arise from having two heads in charge. Taft will rule supreme, subject to President Roosevelt's orders if the government is taken over.

## WORKING FOR PEACE.

Havana, Sept. 27.—Peace without intervention by the United States once more seems possible. Taft's ultimatum to the moderate leaders who thought they arranged a neat trick to put the United States in an unpleasant position by leaving Cuba without a government, through the resignation of all the constitutional authorities, brought them to time. Today the moderates are working hard to have the latest suggestion of appointing committees from either side to arrange the terms of settlement on the disputed points left to arbitration of the peace commissioners adopted, as they were trying yesterday to embarrass Taft. The outcome is eagerly awaited as upon the answer depends the issue of peace or intervention. Mr. Taft told the moderates that the United States would intervene if the government deserted but long enough to restore order, and then hold a new general election. This would have insured a liberal victory eventually. Intervention in this light did not appeal so desirable and the moderates got busy to have the danger averted. It is expected that Palma will refrain from offering his resignation to Congress until tomorrow, or that Congress will delay acting on the resignation until the outcome of the new peace move has been definitely settled. Once the committees of both factions get together there will be clear sailing for the time at least and it is believed that Cuba can be restored to a stage of tranquility soon.

## UGLY RUMORS AFLOAT.

Havana, Sept. 27.—The Daily Telegraph says persistent rumors are current that the administration party or certain influential members of it are preparing an uprising against the Americans because of discontent in the course pursued by the commissioners. If the uprising materializes it will commence, it is said, in the provinces of Mantanzas and Camaguey, where the government forces will take to the bush and that within a very few days.

## UGLY UTES

May Have to Be Sent For by a Bunch  
of Uncle Sam's Soldiers.

Washington, Sept. 27.—Officials of the interior department are anxiously awaiting a report from Indian Inspector McLaughlin, who was dispatched to Wyoming to induce the 300 Ute Indians of Utah encamped near Douglas. In the former state, to return to their homes. Governor Brooks represents the situation as quite acute, and Acting Secretary Ryan recommended to the president that troops be dispatched to the vicinity that the Indians may be escorted to their homes in case Inspector McLaughlin fails to induce them to return.

## LOST LIEUTENANT

Missing Since San Francisco Disaster  
Dismissed From Army.

Washington, Sept. 27.—Orders were published by the war department announcing the discharge from the service of the United States Lieutenant E. Caulfield of the Philippine scouts. At the time of the earthquake in San Francisco Caulfield was on leave of absence in that city. He has not been heard from since. He was a native of New York and served in the Sixth infantry with credit during the Spanish war. He participated in the battle of San Juan hill. Later he was promoted to a first lieutenant and transferred to the Ninth infantry.

Colonel J. Luck of the engineer corps of the United States army committed suicide at the home of his daughter at Sandy Hook, N. J., by cutting his throat with a razor. Ill health.

## BEAUTIFUL WOMAN IS FOUND DEAD IN MINNEAPOLIS

POLICE ARE NOW WRESTLING  
WITH ANOTHER MURDER  
MYSTERY.

## A BULLET HOLE IN HER HEAD

Strange Man Who Accompanied the  
Woman to Hotel Cannot be Lo-  
cated by Police.

Minneapolis, Minn., Sept. 27.—Minneapolis police are confronted by another mysterious hotel murder, which promises to develop as many sensations as did that of Millie Ellison, at the National Hotel, a few months ago. Yesterday afternoon attendants at the Glenwood Hotel, on Hennepin avenue, broke into a room which had been occupied by a couple who registered Tuesday as Fred Taylor and wife. They found on the bed the dead body of a beautiful young woman. Blood was oozing from a wound on the top of the head, and apparently she had been dead for several hours. It is said the man who accompanied her was seen leaving the hotel early in the day, but no one can give an accurate description of him.

The woman's clothing was of fine material and fashionable model and her face and hands gave evidence of refinement. Nothing was found to positively establish her identity, it being the police theory that the couple registered under assumed names. Her shoes bore the mark of a St. Paul shop and her linen was marked "L. T." and bore the marks of a St. Paul laundry.

The body was taken to the morgue. An autopsy showed that death was caused by a bullet which had been fired into the top of her head.

Both the Minneapolis and St. Paul police are at work on the case, but so far nothing has developed which would establish the identity of either the woman or her murderer.

## REBATE PENALTIES

Government from Roads Grant-  
ing Rebates.

Washington, Sept. 27.—It was officially announced that since Jan. 1 \$283,073 has been collected by the government from railroads granting rebates or conspiring to give rebates, this being exclusive of money collected for violations of the safety appliance law. Over 200 of the latter cases were filed and in most of them the railroads confessed judgment.

## HERING SCOFFS AT CONFESSION OF PAUL STENSLAND

DECLARES HIS THREAT MADE TO  
PROSECUTOR HEALY IS A  
PURE BLUFF.

## INVESTIGATION WILL FOLLOW

Now That Stensland is Safe in Prison  
and Several People are Trem-  
bling in Boots.

Chicago, Sept. 27.—With Paul O. Stensland lodged in a felon's cell at the Joliet penitentiary, States Attorney Healy today began in earnest to get others in the meshes of the law.

A number of persons are trembling as a result of Mr. Healy's statement that Stensland made a full and complete confession and thinks he also furnished the names of every person who shared in the loot of the Milwaukee avenue State bank. Fearful that a huge bomb is about to burst, the gully ones were reported today as preparing to leave the city. They, however, are under surveillance of detectives.

The grand jury is expected to take he matter up before Saturday which is the final day of the present session. Men prominent in their particular lines are to be included in the indictments and a number of employees of the bank will be caught, it is said.

Stensland's confession to the states attorney proved something of a surprise to Henry W. Hering, the former ashier according to his words. Hering scoffed, however, at the protestations of his former employer that he was a martyr and a victim of a conspiracy.

"Stensland desires to create sympathy for himself by implicating others whose hands are perfectly clean," said Hering. "His threat that he will reveal the names of prominent men who are concerned in the looting of the bank is pure bluff."

States Attorney Healy, however, is satisfied that Stensland told the truth when he accused others of having robbed the bank.

## HEARST NAMED FOR GOVERNOR OF NEW YORK

TEST OF STRENGTH WAS ON THE  
SEATING OF CONTESTED  
DELEGATIONS.

## ONLY ONE BALLOT NEEDED

Sulzer and Dix Presented but All Ef-  
forts to Stampede Delegates  
Were in Vain.

Buffalo, N. Y., Sept. 27.—In a session which began at 8 p. m. and lasted until 2:20 in the morning, the Democratic state convention nominated William Randolph Hearst for governor. A test vote was on the adoption of the majority report of the committee on contested seats, showing the Hearst men to have the necessary strength to win. By 244 to 142 the report was adopted. By this action the Hearst forces secured 63 additional votes.

Congressman William Sulzer was also placed in nomination, his name being greeted by a great outburst of

WILLIAM R. HEARST

cheering which continued 14 minutes. John A. Dix of Washington county was also named for governor.

Hearst was nominated on first ballot, receiving 309 votes, Sulzer 121, and Dix 17.

Lewis F. Chanler of Dutchess county was nominated for lieutenant governor by acclamation and a full state ticket was selected.

The committee on contested seats found itself divided, 26 to 21, regarding the 21 contests involving 63 seats.

The 15 Murphy contestants in the five New York county districts were given the place of the McClellan delegation. The Hearst men in Queens county and the Hearst contestants from up state were given seats.

The minority report was presented by John B. Stanchfield, who said he was opposed to Hearst, but declared that if Hearst had come to the convention untrammelled by any ties such as the Independence league he would have been the nominee of the Democrats without a dissenting voice. "Never!" yelled a delegate. Mr. Stanchfield advocated the nomination of Representative William Sulzer for governor, and the mention of Sulzer's name provoked a considerable volume of applause.

Senator Thomas F. Grady presented the majority report, including in a general defense of Tammany. He closed with an appeal for William H. Hearst, and there was great cheering.

W. Bourke Cockran presented the platform, which was adopted by a viva voce vote.

The platform denounced "Republican high protection which enables a few to plunder the whole body of their fellow citizens by charging extortionate prices for the necessities of life and the essentials of industry. We hold that the cure for these abuses is not in Socialism, which, by communally extending the power of government, merely aggravates them, but in democracy which, by extending government to the very lowest place where power with private industry, must come."

On municipal matters the platform recommended a system of public utility regulation, and all public utilities and services to be placed under the control of the people, and the service to be rendered as an attempt to place such a burden on the backs of the people, because of the outlay for election expenses earnings the deficit must be made up by taxation, and this would be socialistic, and therefore hostile to justice and subversive of democratic government. It is the duty of government therefore to ascertain the actual cost of operating public utility corporations, and to fix from time to time reason-

able rates for the service they perform."

The platform demands investigation of the state banking department, reformed insurance laws, federal influence in behalf of Jews in Russia, and denounces trusts. The Bryan resolution reads: "In common with the Democrats of all the states and expressing the sentiment of the high-minded citizenship of the republic, without party, we view with pride and satisfaction the hospitality and acclamations which have been accorded at home and abroad to that great Democratic leader and typical American, William Jennings Bryan, to whom the Democrats of New York extend most cordial and sincere felicitations."

Socialism is denounced in a paragraph which reads: "We denounce the Socialism which seeks to make government the sole agent of production as nothing less than a proposal to re-establish the institution of tyranny and industrial slavery which perished before the advance of Christian civilization. The essence of Democracy is to confirm in every man the right to dispose of his own labor and possess in peace everything produced by it. Realizing every socialistic proposal—however disguised under sordid and misleading phrases—to be a step leading in inevitably toward the re-establishment of despotism in government and servitude in labor, the Democratic party must always be vigilant in unmasking it and inflexible in opposing it. In this opposition we ask the co-operation and support of all citizens who feel that the issue now before the country is no mere struggle for office or for advantage between political parties, but a contest for the existence of Christian civilization and of a democratic government, its last and most valuable fruit."

Tammany Solid For Hearst.

Buffalo, N. Y., Sept. 27.—Previous to the night session of the Democratic state convention the Tammany Hall delegates held a caucus and by a vote of 66 to 23 adopted the unit rule and voted to have Charles F. Murphy, leader of Tammany Hall, cast the entire vote for William R. Hearst for governor.

## CHAS. E. HUGHES

Accepts Nomination Without Pledge  
—President Sends Message of  
Congratulation.

Saratoga, Sept. 27.—After the nomination of Chas. E. Hughes for governor by the Republicans, M. L. Bruce was renominated for lieutenant governor, and one ballot was cast for the nomination of John F. O'Brien for secretary of state; J. Lewis for comptroller; Julius Mayer for attorney general; J. G. Walleander for state treasurer, and H. A. Van Alstyne for state engineer and surveyor. All but Lewis are re-nominations. Timothy L. Woodruff, former lieutenant governor, was named to succeed former Governor Odell as chairman of the state committee.

Mr. Hughes said he would accept the nomination without pledge "other than to do my duty according to my conscience."

President Roosevelt wired Mr. Hughes as follows from Oyster Bay: "I rejoice for the sake of the cause of good citizenship in your nomination."

Chicago, Sept. 27.—Pronouncing the whole lot "filthy, decomposed and in a rotten condition," Chief Food Inspector Murray Wednesday seized 150 tons of bacon and hams in vans at Schwarzenfeld & Sulzberger company's plant in the stock yards. ## WILLIAM J. BRYAN

by Principal Chiefs of the Five  
Civilized Tribes.

McAlister, I. T., Sept. 27.—William J. Bryan arrived here and was immediately taken to a large platform in front of the Elks hall, where he made a short speech. Mr. Bryan urged the Democrats to stand shoulder to shoulder and make the new state constitution a center to circumferency. He emphasized the importance of winning the first battle in the state. He told of the importance of making a revolution of the people that would keep the trusts in allegiance. The principal chiefs of the Five Civilized Tribes surrounded Mr. Bryan and escorted him through the territory.

## TAFT'S THREAT SETTLED TALK OF MODERATES

PRESIDENT PALMA'S RESIGNA-  
TION TO BE TABLED FRIDAY  
BY CONGRESS.

## TO BE NEW NEGOTIATIONS

Committees Representing Both Sides  
Will Discuss Terms of Settle-  
ment—Moderates Bitter.

Havana, Sept. 27.—A meeting of the Moderate national assembly was called to discuss whether some way could yet be devised to settle the present difficulty without intervention by the United States.

A communication from Secretary Taft and Assistant Secretary Bacon was sent to the palace.

It is understood that it contained an urgent appeal to President Palma to reconsider his resignation and co-operate with peace commissioners.

The meeting was held at the residence of Senator Dolz, president of the senate. More than 60 persons were present. They included Vice President Mendez Capote, nearly all the members of the cabinet, many leading senators and representatives and several officers of the rural guard.

No sooner had the meeting assembled than the pent-up indignation against the United States peace commissioners broke forth. Several men began in loud voices and at the same time to condemn Secretary of War Taft and Acting Secretary of State Bacon, who were declared to have shown partiality to the rebels and discrimination against the Moderates. The speakers shouted their denunciations and hotly insisted that the Moderate party should appeal to the world for protection against the United States.

It was declared that the government forces should fight to the death rather than submit to the terms insisted on by the rebels, and one speaker depicted the horrors of negro domination which would result, he said, from the threatened Liberal ascendancy brought about with the alleged assistance of the United States. Some of the most radical asserted that the government has plenty of dynamite in Havana which should be used to precipitate those international complications that accrue from the destruction of foreign property. Several prominent men said that by using dynamite they could bring about intervention by Germany, or perhaps by Great Britain, while others declared that they knew that the foreign diplomats here would favor such a course, and it was argued that the destruction of the German bank and the damaging of English railroad property would soon result in European intervention. Certain American properties were specifically mentioned as convenient for such attacks. Several speakers even said that they would prefer Germany or Great Britain in Cuba to the United States.

This talk subsided after an hour and a half and the meeting settled down to consider whether it is possible to reopen the negotiations with the peace commissioners. The one point on which the meeting was unanimous was that the cardinal condition of the reopening of negotiations should be that the Moderates insist that the commissioners require the rebels to lay down their arms before proceeding to negotiate. After a brief consideration in which no difference of opinion was shown it was agreed that Acting Secretary of the Interior Montalvo should visit the commissioners and acquaint them with the party's insistence on this condition.

Senator Montalvo proceeded to the United States legation and submitted this condition to Taft and Bacon, adding that if the proposition was not acceptable to them the government forces would refuse to lay down their arms or deliver them either to the rebels or to the commissioners. He reminded Secretary Taft that the commission came to Cuba simply as mediators for the pacification of the island and that the steps taken to this end by the commissioners should be honored by the provisions of the Cuban constitution. The solution proposed by the commissioners, Senator Montalvo asserted, were conducive to the peace of the island as such solution of the problem to further revolution as a result of victory which the rebels would obtain. The action of the commissioners, Senator Montalvo concluded with these words: "Only on a basis of law and justice can the Moderates continue to exist."

## PERRY COUNTY FAIR

Pataskala and Thornville Men Have Exhibits There—Good Racing is Promised.

New Lexington, Sept. 27.—The Perry county fair opened this morning under better conditions than in many years. The makeup of this year's event is excellent and in many respects above previous meets. The exhibits are of a larger and more extensive variety and each department presents much worth while.

The live stock departments are well up in line. The best and largest stock of horses has been entered by Sweeney Bros. of Somerset, and Albert Yost of Thornville. E. S. Fawcett & Son of Chesterville and W. J. Sharp of Pataskala are the leaders in the hog line. The poultry exhibits of Kopensparger Bros. of Junction City and W. M. Patton and J. W. Raley of this vicinity excel all displays along this line ever shown here.

The displays of farm implements and machinery have never been equaled in the county. The art hall and the floral and agricultural buildings are well filled with good displays.

The big feature of the day will be the racing, which promises to be the best ever produced on the local turf. Today's program offers big events, with purses aggregating \$1,000. The 2:30 race will have eight starters and seven horses will enter the 2:29 trot. There will be eight starters in the 2:14 pace. Today's running event will consist of one-half mile heats and six jumpers will enter the ring.

All that is required to make the Perry county fair of 1906 the biggest success in the history of the society will be good weather.

## JUNIOR LEAGUE DOES GOOD WORK

GARDENS PLANTED BY CHILDREN OF NEWARK SCHOOLS ARE WELL KEPT.

Now is Time to Think of Fall Planting—Prizes to be Awarded October 1.

The display of flowers last Friday at the different school buildings was a success in every way. The junior citizens have shown much zeal in the care of their garden and the bouquets were tasteful and beautiful. These flowers were sent to the sick—in private homes and hospitals. No doubt many sick rooms were brightened, both by the flowers and even more by the interest and kind thought which went with them.

Many questions have been asked about the Junior Civic League and its work. Quelling from a recent periodical the writer pleads "for that type of education which aims to put the pupil into systematic contact with his daily life." As a step in this direction the mayor and superintendent of Springfield, Missouri, visited public schools, organized a Junior Civic League in each of the upper grade rooms. These leagues have given the mayor enthusiastic support in making Springfield a more beautiful city.

In one of the large Chicago schools leagues have been formed in the different rooms, with officers and committees, so planned that every boy and girl citizen has something to do—thus learning in delightful fashion many lessons, not nearly so attractive when printed in books. Civics in the school awakens interest in the city, state and nation, by showing civic relations to the pupil's immediate environment. The boy or girl is left to want to do many helpful, wholesome things, that he would otherwise consider uninvolved tasks. It is helping to make character when boys and girls learn to consider others and not to think wholly of their own pleasure. It is a help when they learn not to destroy property, not to mark buildings and fences and not to throw things on the streets.

The Junior League in Newark has done excellent work for its beginning year. The gardens planted have been well kept. Most of the school grounds and surroundings have been kept clean by the scholars, though the janitors have done work on them. It is time now to think of fall planting. Bulbs, tulips, jonquils, snow drops can be put in for spring blooming. Shrubs and trees can be planted a little later. Lilacs can be set out and the hardy perennials—larkspur, pansies, sweet peas for early blooming—foxgloves.

The editor of "Boys and Girls", Hthaca, N. Y., the organ of the Chautauqua Junior Naturalists, has taken a great interest in Junior Civic Leagues, and if teachers will communicate with him he will supply any information desired on this subject.

Two prizes have been offered in this city for best essay on Civic Improvement. One by the American-Tribune, a prize of \$2.00 for the lower grades, the other to the High school. In offering these prizes, the intention is to have children observe and express their own ideas on this subject. Any phase of city improvement may be taken up. The alleys, the sidewalks, the vacant lots, school gardens. They may take their own block and suggest means of beautifying it. The waste ground along the canal and creek might be considered. The Chautauquan for August, 1905, February, 1905, and for the years 1904-5 gives much space to the consideration of all phases of city improvement.

All judges must report this week. Prizes are to be awarded October 1. An important meeting of the society will be held at the Y. M. C. A. on Tuesday, October 2, at 3 o'clock.

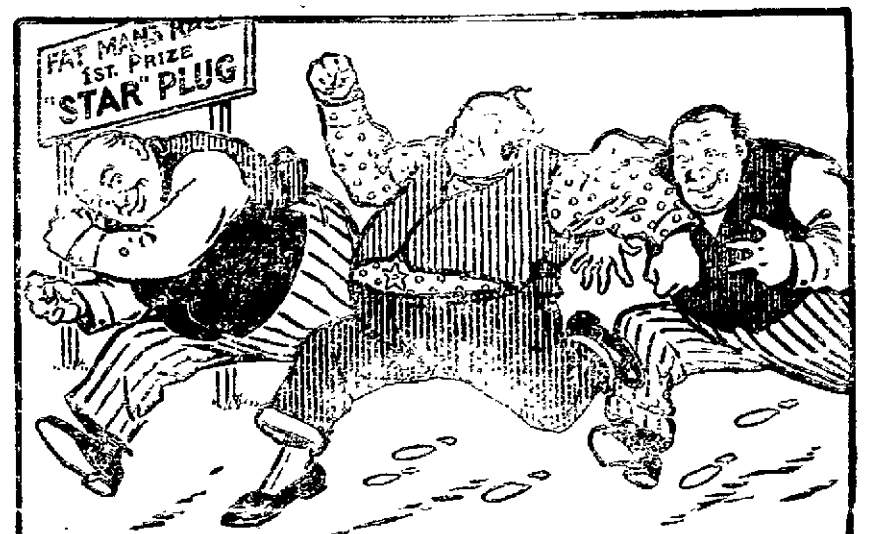

### Hartford Leads.

(Communicated.)

We notice a letter from Licking dated September 6, headed "A Remarkable Plant," and asking at the close "Can anyone beat it?" Mrs. Ada Benoy, two miles west of Croton, has a calladum of the following dimensions: Stem 61 inches; leaves, 31 inches across, and 42 inches long, measuring 113 inches in circumference. And now while we are speaking of unusual growths we desire to call attention to an Irish potato vine that Dr. J. W. Haines of Croton, has on exhibition, hanging in the Talpa-hauken apple tree in his front yard. The seed from which this vine grew was planted by the doctor in his garden and was cultivated three times a week during May, June and July, and on being pulled when digging the fruits of his labor on September 25, the doctor found the vine to measure 8 feet and 8 inches. If you can beat Hartford township let us hear from you.

## "The Plug for the Prize"

The greatest prize any man can get is a good chew of "Star."

In the race for public favor "Star" has always led in quality—and in value. The ripe, substantial leaf in "Star" is elastic and lasts longer, than the light weight, mild, flimsy leaf in some cheaper kinds.

"The Republicans failing to nominate a candidate known to stand for high moral ideas, can expect little else than defeat at the polls this fall. The promise to secure appropriations for a few public buildings will not bolster up the intemperance and immorality of any candidate."—Wooster Herald.

It was a hot fight the Republicans engaged in at the congressional convention in Toledo last week. One candidate was backed by a gas merger and another by a street railway company. It was a fight to see which corporation rather than the people of the district should be represented in Congress. The Republican party has freely been charged with being corporation controlled and given to favoritism to special privileges. Dispatches from the convention showed how State Chairman Walter Brown at the head of the merger induced two delegates to change their votes for his candidate, who was nominated. Brown's corporation was on the spot with the money to do business.

**Where is The Boasted Prosperity?**

Our imperialist statesmen will have to explain what is the matter with the Philippines. Our exports to the islands have fallen off about \$750,000 compared with the previous year, while exports of the Philippines to the United States have also declined. Evidently trade does not follow the flag, as our Republican statesmen said it would. The fact is that Republican management in the Philippines is a failure, the island treasury is empty and the people there can pay no more taxes and it is only by borrowing that the large salary list can be met. A sorry plight to confess to, of the party that claims they "do things." If our prosperity is not great enough to reach our colonies there must be something rotten in the system that is proposed to provide it. The Republican standpoints of the Senate have refused to reduce the

tariff on Philippine imports in the interest of the protected beet sugar and tobacco trusts and the Philippine people are unmercifully taxed without representation. When the constitution cannot follow the flag there is sure to be trouble, and the Democrats can truthfully say, we told you so. The headstrong arrogance of the Republican leaders has brought this shame on the United States.

When law and order are restored in Atlanta, as they must be quickly, by whatever exercise of the military and police powers needed the negro question recurs with this latest sample to aggravate its proper consideration. The citizen who does not in blind partisanship seize upon a race riot in the South to influence votes has finally come to admit that there is something more than mere oppression of former slaves and their progeny. No manner of apology can be invented for the awful scenes at Atlanta, but now the secondary phase exhibits the negroes as aggressors, or even take them as defenders, and their own murderous exploits show revenge and the brutal instinct. No longer does the "Uncle Tom's Cabin" style of lollipop prevail in Northern meditation on the negro in the South. Too many instances of mob violence in the North have been noted to permit any excessive attack on Southern civilization. But there must be observance of law. It must be re-established in Atlanta. At the same time the women of Atlanta must be assured their lives without molestation from the brutes of the community.

**ACT QUICKLY.**

**Delay Has Been Dangerous in Newark.**

Do the right thing at the right time. Act quickly in times of danger. Backache is kidney danger. Doan's Kidney Pills act quickly. Cure all distressing, dangerous kidney ills.

Plenty of evidence to prove this. C. L. Starr, harnessmaker, of 89 Hancock St., Newark, O., says: "My confidence in Doan's Kidney Pills as a kidney and backache remedy is unbounded. In recommending this preparation I speak from experience. For years I was a sufferer from kidney complaint and backache and could get no relief. I had a miserable aching pain in the loins and my back was lame and weak. It was just as bad night or day and when I attempted to stoop or pick up anything a pain would strike me in the back that almost made me fall. If I remained in one position for any length of time and then moved quickly the pain stabbed me like the thrust of a knife. I suffered in this way for years, and all the remedies that I tried failed to help me. I was just as bad as ever when I got Doan's Kidney Pills at Crayton's drug store, and you may believe that I was delighted when the first few doses brought me relief. In less than forty-eight hours the backache was gone and I continued the treatment until entirely free from my old trouble. My wife used Doan's Kidney Pills and they did the same for her, and neither of us have had any return of kidney trouble since using them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

The board will meet Tuesday at Marietta to consider the charges and the communication from Governor Harris transmitting them. A committee will then be appointed to make the investigation. **MRS. HORACE STOKES**

**Former Latin Teacher Who Ran Off With Professor Returns to Delaware, O.**

Delaware, O., Sept. 27.—Mrs. Mame Clingan Stokes, Latin teacher of the Delaware High school, who eloped with Professor Horace A. Stokes, the superintendent, formerly of Granville, last February, and who has since married, is visiting her parents, Mr. and Mrs. James Clingan, in this city. Although her presence here was denied by the family, Mrs. Stokes was seen yesterday afternoon. She absolutely refuses to be interviewed, neither will she tell where her home is. She came to Delaware unaccompanied and it is known that she will make a long visit. She has not yet denied that the professor abandoned her. Mrs. H. A. Stokes secured a divorce after her husband left the city. Mrs. Clingan refused absolutely to state where her daughter is now located, the only information that she would give out being that Mrs. Stokes was home on a visit.

Almost eight months have passed since Prof. Stokes, then superintendent of the Delaware public schools, gave a rude shock to Delaware society by abandoning his wife and family, and eloping to parts unknown with Miss Fary Clingan.

About the middle of May Mrs. Stokes made her application for divorce, the decree being granted by the court during the first part of the month of July.

It was several months later when Mrs. Clingan, mother of the girl, confirmed the rumor that her daughter had been married to Prof. Stokes. Where the wedding took place could not be learned.

A sale of her household goods by the first Mrs. Stokes was the next event that transpired, after which Mrs. Stokes with her children, departed for Denver, Colo., where they are now making their home with relatives.

**MODISH COSTUME DE VISITE.**  
A clever adaptation of the belt serves to add much to the charm of this chiffon velvet gown, in which a silvery tone of bluish gray—one of those novel mixed and half tints—is exploited. As usual there is a blouse worn beneath, this time of Mechlin lace and bluish shade of chiffon, the lace making the round yoke and the chiffon the rest of the smart little garment. The bolero is so cut as to display to advantage the yoke part of real lace, and heavy Italian crochet is used to border the little jacket of lace, each rose of the lace being centered with a rosette of velvet, having a brass button to hold the pleatings. The sleeve is short and puffy, the centure plain and well boned, with a marked dip in the front, and velvet-covered buttons make for a good trimming effect. The skirt is of a gracefully full circular cut, a bias band, haircloth lined, serving in lieu of a hem, and two tucks above this are threaded with a heavy cord, through which the featherboned cording is run to maintain some semblance of stability in the skirt around the foot.

## Children Face Many Dangers

The Work and Worry and Close Confinement of Their School Days and How They Can Be Safeguarded

To thousands of boys and girls the confinement of the schoolroom and the duties imposed by their studies are a strain, a very serious strain. Many become broken in health by this strain and are physically weakened for life.

Give your boys and girls good, healthful, pure, strengthening food and you go far toward removing all dangers.

Malta-Vita, the crisp, delicious, whole wheat food, contains every food element necessary to the maintenance and upbuilding of the human body and mind—especially beneficial for children.

"Malta-Vita" is no meaningless coined word. It stands for its literal translation from the Latin and means exactly what it says, "Malta Vita." The original phrase "For the blood is the life" is the starting point and final winning post of Malta-Vita, on account of its large percentage of maltose, or malt sugar, a natural sweetening agent, easily digestible and readily assimilated by the human economy, forming rich, healthy blood.

Malta-Vita is so good to eat—not at all like the tasteless vegetable

breakfast foods—that the whole family welcome its appearance on the table. And it is always ready to eat.

Now for sale by all grocers, 10 cents.

HAGAN GETS DECISION.  
Kid Wellerman of Newark and Kid Hagan of Delaware, went a six round bout last night at the Buckeye Athletic Club, Columbus. Hagan got the decision. Both men fought well.

No Wool Over His Eyes.  
Uncle Abe, a grizzled old negro, visited a zoological garden. He stood fascinated before a cage containing a chimpanzee and could not be induced to move. After awhile the animal came to the front of the cage and Uncle Abe spoke to him.  
"Howdy," he said; "howdy?"  
The chimpanzee not making any response, Uncle Abe chuckled and winked at him knowingly.

## SOFTNESS OF SEALSKIN.

Is Rivalled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Securing the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. ## TAFT'S THREAT

(Continued from Page 1.)

down their arms.  
Secretary Taft approved of this, with the exception that it was unfair to make the rebels lay down their arms before the acceptance by both parties of a formal agreement to abide by the terms of the ultimate decision. Senator Dolz returned to the assembly and reported the result of his efforts.  
After a lively debate the government party abandoned its contention that it would not treat with the rebels unless they lay down their arms, and an agreement was reached to appoint a committee to negotiate with a like committee of the rebels. It is agreed to leave all disputed points to the final arbitration of Secretaries Taft and Bacon.

It was announced that the negotiations would be without reference to the terms previously proposed.  
It was agreed that at the extraordinary session of congress Friday the resignation of President Palma would be tabled pending these negotiations with the hope of obviating the necessity of his leaving office.

It is beyond question that both parties were brought to a more tractable frame of mind by the verbal ultimatum issued by Taft and Bacon in the name of President Roosevelt that unless they consented to a fair arbitration the United States would compel it with a temporary military occupation until new elections could be held, the new government firmly established and order restored.

## U. S. TROOPS READY TO BE MOVED

Not Likely That Further Steps Will  
Be Taken This Week—All  
Plans Are Perfected.

Washington, Sept. 27.—President Roosevelt is expected to arrive in Washington Monday night, and army officers are of the opinion that there will be no sensational developments concerning the Cuban situation before that time.

The president is constantly in communication with Major General F. C. Ainsworth, the military secretary, and Brigadier General Bell, chief of staff of the army. All their plans for preparing to meet any emergency in Cuba have been approved at Oyster Bay. At the president's suggestion officers in all parts of the United States have been advised to prepare for a call to Cuba. Although President Roosevelt has constantly cautioned the army to be prepared, he has been unwilling to have the quartermaster's department contract for transports and make arrangements for sending troops to Cuba. This unwillingness is regarded as an indication that President Roosevelt still hopes to avoid landing troops. The war department can not prepare commercial ships for transport service in less than a week. Consequently if there was urgent demand for troops orders to rent steamers for transports would doubtless have been issued before this. The army can not depend upon the navy for transports, and a score or more of merchant vessels must be chartered in case military occupation of the island is decided upon. Norfolk, Charleston, Mobile and New Orleans are ports mentioned as probable concentration points.

While not abating the preparations for transporting troops to Cuba in accordance with the wishes of the president, the army and navy officials here are still of the opinion that Secretary Taft will effect an arrangement which will obviate the necessity for landing United States soldiers on Cuban soil. They believe that events in Havana are shaping up in accordance with the plans of the secretary of war and that while the situation appears desperate the aspect is really only one phase of the program mapped out by Secretary Taft. It is believed that his purpose was to clear the field for a complete reconstruction in Cuba, but that this did not necessarily involve intervention in the sense of armed occupation. President Palma's withdrawal, or at least that of the conservative advisers who surrounded him, was, however, believed essential to this plan.

It is conjectured that the secretary's purpose is to carry out direct instructions from President Roosevelt and give the Cubans another chance. The only way this could be worked out, they say, would be for him to call together some of the most patriotic and judicious of the Cubans, without regard to party affiliations, and ask them to create a provisional government. They point out that the insurgent generals could be asked to give their allegiance to this government, temporarily at least, and the military forces of the Palma administration would be expected to support it; that the provisional government would be pledged to call new elections under conditions that would insure control by a majority of the Cuban people, and that if they fall again to maintain order and security, then intervention must ensue.

Enough Said.  
"But," said the old lawyer, "why do you admit that your client will lose his case? Have you exhausted all the means at your disposal to?"  
"No," interrupted the young lawyer, "but I've exhausted all the means at his disposal."—American Spectator.

## G. HUBERT MASSEY MISS HILLIARD

### PRETTY WEDDING WEDNESDAY NIGHT AT RESIDENCE OF COL. J. V. HILLIARD.

Marriage of Ernest Merrill—Wedding at Black Run—Other Marriages of the Day.

Miss Gladys Evelyn Hilliard, the oldest of the accomplished daughters of Col. and Mrs. J. V. Hilliard, 126 West Church street, was united in marriage Wednesday evening, to G. Hubert Massey, a prominent employee of H. B. Smith & Co., of Philadelphia. Shortly before 9 o'clock Mr. and Mrs. Massey left for an extended wedding tour through the east after which they will be at home at 1742 Green street, Philadelphia.

The wedding ceremony was performed at 6 o'clock by the Rev. Thos. L. Kiernan, pastor of Plymouth Congregational church, in the presence of a host of the friends of the young couple, both from this city and other places. Music was furnished throughout the evening by the Marsh orchestra. The ring service was used with impressive effect. The beautiful Hilliard residence was profusely decorated with tastefully arranged aspers, palms and ferns.

The ceremony was performed in the spacious library, the altar being found in front of a large window, the back ground of which was a bank of ferns and palms. The procession was led by the ribbon bearers who were followed by the six bridesmaids, the maid of honor and the bride on the arm of her father. This party was met in front of the altar by the minister, groom, and groomsmen, when the bride was given away by her father.

The happy couple were the recipients of a number of most beautiful and costly presents.

Among the gowns worn, one of exceeding beauty was that of the bride, which was of white satin of the De Vaux design, trimmed in duchesse lace. The only ornament worn was a beautiful necklace of pearls and diamonds, the gift of the groom.

Mrs. J. V. Hilliard, mother of the bride, also wore white satin trimmed in duchesse lace.

The maid of honor, Miss Bright Hilliard, was attired in pale blue satin, set off with trimmings of lace and chiffon, and carried white asters.

The six bridesmaids were attired in white chiffon over pink liberty sahn and carried pink asters.

Mrs. A. S. Hilliard wore blue crepe de chine over blue silk, and Mrs. H. F. Hilliard was attired in an attractive gown of white net over silk trimmed in lace.

The ribbon bearers were all in pink.

Miss Bright Hilliard, sister of the bride, was the attractive maid of honor, while Mr. Frederic S. Spiro, of New York City, was the groomsmen. The bridesmaids were Misses Mary Haight, Frances Priest of this city, Antoinette Taylor of Cleveland, Hortense Krause of Bethlehem, Pa., Lela Cones of Columbus and Mabel Barrett of Springfield, O. Misses Josephine E. Hilliard and Marjorie Lawhead were the charming little ribbon bearers.

The following guests were seated at the bride's table: Mr. and Mrs. Massey, Paul Sheppard, Antoinette Taylor, Dr. C. P. King, Frances Priest, Arthur Arnold, Lela Cones, Frederic Spiro, Bright Hilliard, Verne Priest, Mary Haight, Louis Daerr, Habel Barrett, Fred Goodwin, Josephine Hilliard and Marjorie Lawhead. In the wedding cake, Miss Marjorie Lawhead found the ring in the last piece, Miss Bright Hilliard the thimble, Dr. King the coin, and Mr. Arnold the button.

The following out of town guests were present: Mr. and Mrs. Barrett and Miss Mabel Barrett of Springfield, O., Mr. and Mrs. Cones and Miss Lela Cones of Columbus, Miss Antoinette Taylor, Cleveland, Miss Hortense Krause, Bethlehem, Pa., Mr. Arthur Arnold, Dayton, Mr. and Mrs. D. C. Hilliard, Lithopolis, O., Mr. and Mrs. H. F. Hilliard, Lima, O., Mr. Frederic Spiro of New York, and Mrs. J. F. Stuck of Boston, Mass.

**DENMAN-HESSIN.**  
(Special to the Advocate.)

Black Run, O., Sept. 27.—In the presence of about 30 guests, Miss Edna Fern Hessin, daughter of Mr. and Mrs. L. J. Hessin, of Black Run, be-

came the wife of Mr. Charles Edwin Derman of Hanover, at the bride's home Wednesday evening. Rev. G. W. Applegate of Newark, performed the ceremony. The bride is very popular and has a host of friends. The room is a well known and prosperous farmer of Hanover. The home was handsomely decorated, green and yellow being the prevailing colors. At 7:30 the bridal procession marched down the stairs to the strains of the Lohengrin wedding march, which was played by Miss Zoe Peters of Uhrichsville, O. The bride was attended by her sister, Miss Lenna Hessin, of Columbus. Mr. Edwin Montgomery acted as best man. The bride looked very charming in a gown of white mousseline, with real lace designs, and carried brides roses.

The bridesmaid was attired in a gown of white chiffon with point lace trimmings. After the ceremony an elaborate four course wedding supper was served. Places were designated by dainty hand painted place cards, the work of Miss Bertha Evans of Columbus, O. Those seated at the bride's table were Mr. and Mrs. C. E. Denman, Miss Lenna Hessin, Mr. Edwin Montgomery, the Rev. Mr. Applegate, Mrs. N. C. Denman, Mr. and Mrs. Clarence Denman, and Mr. and Mrs. L. J. Hessin. Small tables were scattered about the rooms to accommodate the remainder of the guests. The bride and groom received many useful and costly presents. Mr. and Mrs. Denman have the best wishes of a host of friends. They will be at home after October 1 at Hanover, O.

**MERRILL-WELLING.**  
One of the prettiest home weddings of the season was that of Miss Faith Welling and Mr. Ernest M. Merrill, which took place at 8 o'clock Wednesday evening at the home of the bride's aunt, Mrs. Chas. W. Miller, in Franklin avenue, Columbus. Dr. B. S. Beazelle of Philadelphia, the bride's uncle, performed the ceremony in the presence of about 100 relatives and intimate friends.

The bride was beautifully gowned in white liberty satin, with real lace and pearl trimmings. She carried a shower bouquet of lilies of the valley and wore a handsome brooch set with diamonds and pearls, a gift from the bridegroom. Her brother, Mr. Park H. Welling, gave her hand in marriage.

The wedding march was played by the Ziegler-Howe orchestra. The house was elaborately decorated with golden rods, palms and ferns.

Miss Edith Merrill of Toledo, sister of the bridegroom, was bride's maid. Her gown was of white chiffon over yellow silk and she carried yellow chrysanthemums.

Miss Mary Hunt was maid of honor. She wore white lace over yellow silk and carried yellow chrysanthemums.

Little Miss Martha Parks, daughter of Mr. Howard Park, was flower girl. She was daintily gowned in white and carried a basket of chrysanthemums.

Mr. Wesley Merrill, brother of the bridegroom, was best man and Mr. Walter Metz of Newark, and Dr. N. P. Oglesby, ushers.

Mrs. Harriet E. Welling, the bride's mother, was elegantly gowned in black lace over silk, jet trimmed.

Mr. Merrill formerly lived in Newark and Granville.

Mr. and Mrs. Merrill have gone on an eastern wedding trip. They will be at home after October 15 at Berkeley, W. Va., where Mr. Merrill is engaged in civil engineering.

**SNIDER-CONNORS.**  
Mr. John J. Snider, a popular glass blower employed in the Central glass factory at Utica, and Miss Edna Connors, daughter of Mr. and Mrs. John Connors, also of Utica, were married Wednesday afternoon. The ceremony took place in Columbus and was performed by the Rev. Mr. Johnson, pastor of one of the Presbyterian churches of that city. The happy couple were accompanied by Mr. John Roach and Miss Sadie Roach. They will make their home in Utica.

**PALMER-LAUGHMAN.**  
Columbus, Sept. 27.—Charles E. Palmer and Miss Gertrude G. Laughman, both of Newark, were married late Wednesday afternoon by Rev. E. W. McCormick at the justice's court. Mr. Palmer is owner of a farm near Newark.

The court attaches were attracted by the striking appearance of the couple. The bride wore a pretty white dress with white hat and was said to be the prettiest bride at the Four Court for some time. She is the daughter of C. B. Laughman of Newark. They came to Columbus, they said, to avoid notoriety.

## AMUSEMENTS

### GOOD ONE TONIGHT.

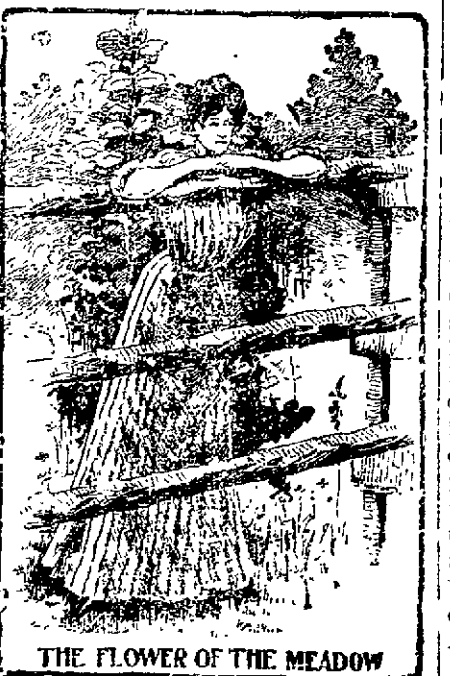

"Brown of Harvard" is conceded by press and public to be the best and brightest comedy production now on tour, and will be the offering at the Auditorium tonight. The comedy has been called a comedy cocktail, which seems a befitting description, as the performance is bright, lively, snappy and entrancing, and local theater goers who relish thoughtful music and brilliant dialogue presented by an excellent cast of players together with magnificent scenery and gorgeous costumes may look forward to a most satisfying entertainment. The story of "Brown of Harvard" is one of humorous complications and the interest never lags but holds the attention of the auditor to the final curtain. The novelty of plot, together with the ingenuity of treatment and the bright dialogue are the magnets that possess the attributes that go to make this entertainment popular with theater goers.

### BUSTER BROWN.

Mothers and children will be delighted to learn that Buster Brown's Holiday is coming to the Auditorium Friday evening. Melville B. Raymond will present his latest edition of the New York Herald's funny cartoons. Buster Brown's Holiday. In this musical comedy the diminutive Buster is made responsible for a hodgepodge mirth of melody which promises to be a positive radiator of care and will provide a generous three hour entertainment worth the time. The little folks will have a night of ecstasy in store for them, while no doubt the big folks will experience the same sensation.

### DORA THORNE.

That idyllic picture of the rural English home life, together with its flight to the most aristocratic circles of English society, "Dora Thorne," is proving one of the most successful new plays of the present season. The book of "Dora Thorne" had a wonderful vogue some years ago and still

THE FLOWER OF THE MEADOW

has a steady circulation; a beautiful story of love written around a moral which is as powerful as it is true. "The consequences of sin seldom end with its originators." Is an old adage, but one which is ever new, coming up before us as a truth day by day, and one which shall do so as long as the world shall last. This theme is brought out in the play of "Dora Thorne," as in the book, with a wonderfully original setting. Tears and laughter follow in quick succession. At the Auditorium Saturday, matinee and night.

Hurbaugh certainly has big furniture wagons, because they move very near every family in one load. 5-2141

## FIVE MILLIONS

Amount Receiver Expects to Realize From Suits, He Is About to Bring.

Philadelphia, Sept. 27.—Five millions of dollars is the amount Receiver Earle of the Real Estate Trust company expects to realize from suits he is about to bring against the Sugar Trust as a result of the manner in which they secured a controlling interest in the Pennsylvania Refining company, built by Adolph Segal and the manner in which the trust kept the plant closed to the detriment of Segal, the Trust company and other stockholders.

Not only will heavy damages be claimed in civil suits but in addition criminal action will be begun by Attorney General Moody probably through the United States district attorney, J. Whitaker Thompson, against the leaders of the Sugar trust.

President Roosevelt will direct the United States attorney for the southern district of New York to investigate the connection of the trust with the affairs of the Pennsylvania Sugar Refinery and the failure of the trust company. That officer is now engaged in probing the affairs of the trust in connection with relating for the department of justice and it is believed the scope of his inquiry will be extended so as to cover the charges made by Earle. Moody returned to Washington from his vacation yesterday.

### The Servant Problem.

With acknowledgments to James T. Davis "The Times" I

W were glooming in the parlor. Not a soul had come to speak. For the cook had given notice. She would quit that very week.

'Tis a fearful thing in households to be shattered by that blast. And to hear the crashing door. Which is falling thick and fast.

Oh, we shuddered there in silence! Father's face was full of woe. For he lacked the moral courage To tell cook to pack and go.

Further sighed that we should loathe a tier; Mother kept in sore dismay. She had offered higher wages. If the cook would only stay.

Every fortnight brought another. They were laid enough as that. But as one is one they laid and. We declared each was the worst.

Father whispered, "We should take her. And should thank her on the street." Mother gasped, "How under heaven Would we get a late to eat?"

Then the little daughter murmured. "In her ungodly mother's bed. 'Do they have cooks up in heaven Just the same as we do here?'"

Then we kissed the little maiden. And we pushed each fretful sigh. And we said, "Oh, Servant Problem, We shall solve you when we die."

—Without a shot in Judge.

"How d'ye do, Mrs. M., an' how's poor Mr. M.?"

"Well, sometimes 'es better, and sometimes 'es wuss. Sometimes 'es better than 'is wusser, an' sometimes 'es wusser than 'is better, but it depends a good deal 'ow 'e feels at the time."—Chicago Tribune.

## LABOR'S FIGHT AGAINST "NICK" IN CINCINNATI

PRESIDENT GOMPERS HIMSELF IS TO TAKE A HAND IN THE CAMPAIGN.

## REBUKE TO PRES. ROOSEVELT

Would Longworth's Defeat Be—Gompers Will Not Go to Speaker Cannon's District.

Washington, Sept. 27.—The fight that the American Federation of Labor expects to put up against Representative Longworth and Gompers in Cincinnati will make the recent campaign in Representative Littlefield's district, in Maine, look like a game of tiddie-de-winks. President Gompers himself will appear personally in the two Ohio districts and make a number of stump speeches and will be assisted by several of the federation's star spell binders.

Neither Longworth nor Gompers answered the federation's queries regarding their position on labor questions before Congress and they were therefore put on the black list. The federation then proceeded to work up sentiment in Cincinnati in favor of the nomination of men on the Democratic ticket who were not only known to be friendly to labor interests but who actually were members of unions. The result was the nomination of Minor Bentham to oppose Longworth, and Carpenter Meyer to oppose Coche. No secret was made at the federation headquarters here that organized labor's support was promised these two men if the Democrats would name them.

News was received this morning that Mr. Gompers has abandoned the plan of going into Speaker Cannon's district. He realizes that the election of Uncle Joe is assured. The federation's policy from now on is to give battle only in districts where there is a reasonable chance of electing candidates known to be "friendly." Mr. Gompers believes there is a chance in Cincinnati. In Longworth's case there is added a personal incentive. His defeat would be regarded by Mr. Gompers as a rebuke to President Roosevelt on account of the President's failure to act promptly as Gompers desired on the federation's demand for better enforcement of the eight hour law.
